COUNTRY CLUB

TENNIS COURT RESERVATION POLICY

On weekday mornings between 9am and 12pm, all courts are assigned through a reservation process. Walk-On's will be accommodated whenever possible. Courts can be reserved online, by phone or at the Athletic Desk up to two days in advance. Any one member may only make use of reservation courts for one block of time during primetime (regardless of whether they made the booking or are just playing on the court) and may only have one active reservation held in their name on any given day.

Outside of Primetime (Monday – Friday, 9am – 12pm), a minimum of 4 courts are available for advance reservation, with the other courts being assigned via a walk-on process.

All walk-on reservations must be made in person at the desk and, if a court is available, walk-on's will be afforded immediate access. In such cases, members will be assigned the court for the remainder of the half hour plus one additional hour for singles or one and one half hour for doubles, subject to availability.

If a court is not immediately available, players will be asked to return to the desk 20 minutes before the next court is available to secure it.

Marine League players who are paying in a league scheduled match may not reserve a court or request a walk-on court up until 2pm on the day of their scheduled match.
